

UP!

Fickle Friends

Claire told me to run from the narcissists
And Henny's saying, "Girl, I know you'll get through this"
Just another chance for me to heal
Kayleigh with the art of letting him go
And Sammy taught me growing can be rock 'n' roll
Just another chance for me to heal

And the universe sent me
The people
Who will pick up when I'm broken
Letting me warm myself on their fire and-

Give it all, give it all
When I need them
Gotta learn, gotta learn
How to fix me up
I need a hand getting back on top
I believe, I believe
All you need is love

Gotta learn, gotta learn
How to keep it sweet
I need a hand getting on my feet
I believe, I believe
All you need is love

Mikey hugs me tight when I'm feeling small
And CC showed me anything's attainable
Just another chance for me to heal
Poppy gave me life, she gave me confidence
And Joe will call me out when I am hard on myself
Just another chance to heal

Gotta learn, gotta learn
How to fix me up
I need a hand getting back on top
I believe, I believe
All you need is love

Gotta learn, gotta learn
How to keep it sweet
I need a hand getting on my feet
I believe, I believe
All you need is love

I believe
I believe, I believe
All you need is love

Gotta learn, gotta learn
How to fix me up
I need a hand getting back on top
I believe, I believe
All you need is love

Gotta learn, gotta learn
How to keep it sweet

I need a hand getting on my feet
I believe, I believe
All you need is love
