

# Welcome To The Situation

Fiddlehead

Sea level's rising  
Father's in bed  
Deserts widening  
His clocks won't tick

Democracy's dying  
It needs some rest  
Hate killed love  
Old man's depressed

So, what do you wanna say?

"Oh, tell the boys  
And the girls  
'Skuzz the noise  
Fix your world'"
