Cheer Up

Fiddler's Green

Hey, whats wrong? What's going on?
It's way over my head
Did I really do that? Yesm you did!
I'd better stay in bed!
I'm hiding 'neath my blanket, regretting that I drank it
Disaster in my kitchen, God, I'm losing my religion

Falling to the floor, crawling all around
Who's that girl that drove me all insane?

Cheer up! Cheerie up, the worst is yet to come
Cheer up! Cheerie up, You shall overcome
Cheer up! Cheerie up, 'cause you're nobody's fool
I't can only get worse, so buck up, play it cool!

Hey, what happened? Is it true?
She was so lonely and shy
Did she kiss me? Yes, she did!

She left without a goodbye!
I didn't get her number, I must be gettin' dumber
And what about my money? Damn - it isn't funny!

We left the bar at twelve and set the town on fire
Tell me what the hell is going on?

Cheer up! Cheerie up, the worst is yet to come
Cheer up! Cheerie up, You shall overcome
Cheer up! Cheerie up, 'cause you're nobody's fool
I't can only get worse, so buck up, play it cool!

Cheer up! Cheerie up, the worst is yet to come
Cheer up! Cheerie up, You shall overcome
Cheer up! Cheerie up, 'cause you're nobody's fool
I't can only get worse, so buck up, play it cool!
