

Down

Fiddler's Green

Buenos dias, vaya con dios,
I am here, I am everywhere
And I wish you a lovely morning,
I'm gonna drag you all to hell
Hasta la vista, mi senorita,
adios, adios, adios, os, os
My crazy little lass in Puerto Rico,
you can be sure we'll go down well

We're going down, down, all the way down
We're heading deeper down,
we're tumbling round and round
We're going down, down, down, down

We'll pay the ferryman a dime
So come along, you're dead and gone
The demon tied up to the ground
He gives the world its saddest sound
Its saddest sound - Uoh!

Bonjour Louisa, ma formidable,
a demain, a demain, a demain, main main
No more rendez-vous in limousine,
say au revoir au monde, ma belle

Servus Gretl, you busty Fräulein,
Wiedersehn, Wiedersehn, sag' auf Wiedersehn
To your sisters in the Black Forest,
come away and say farewell

We're going down, down, all the way down
We're heading deeper down,
we're tumbling round and round
We're going down

We'll pay the ferryman a dime
So come along, you're dead and gone
The demon tied up to the ground
He gives the world its saddest sound
Its saddest sound - Uoh!

La, la, la, la, la, la, la, la,
La, la, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la
La, la, la, la, la, la, la

Bella ragazza, donna fatale,
bella ciao, bella ciao, bella ciao ciao ciao
A chi il diavolo e vicino
l'inferno non e lontano

Puella docta, miselle passer,
qui ibitis per iter tenebricosum
Illuc unde negant redire quemquam -
adeamus tenebras

We're going down, down, all the way down

We're heading deeper down,
we're tumbling round and round
We're going down, down, down

We'll pay the ferryman a dime
So come along, you're dead and gone
The demon tied up to the ground
He gives the world its saddest sound
Its saddest sound - Uoh! Uoh!
Its saddest sound
