

# One Fine Day

Fiddler's Green

This is a home to me  
This is where I wanna stay  
But your love is too much  
And you are driving me away  
This picture postcard  
Is perfect lie life  
Flowers on the table  
Beside the switchblade knives  
I've had enough, had enough, had enough  
The clock is ticking  
I've had enough, had enough, had enough  
Lies to live in

And one fine day I'll be back again  
In my little house by the sea  
And one fine day I'll be back again  
Not for you but just for me  
And one fine day I'll be back again  
Lost my hope and found my fears  
And one fine day I'll be back again  
And you'll never see my tears

If you walk on the cool wet grass  
You can see the grime and dirt  
But you can't feel the pain  
If it doesn't hurt  
Wanna smell the roses  
Wanna walk the trail  
Let me fall from grace, my love  
And talk the devils tale

I've had enough, had enough, had enough  
The clock is ticking  
I've had enough, had enough, had enough  
Lies to live in

And one fine day I'll be back again  
In my little house by the sea  
And one fine day I'll be back again  
Not for you but just for me  
And one fine day I'll be back again  
Lost my hope and found my fears  
And one fine day I'll be back again  
And you'll never see my tears

I've stood on the shoulders of giants  
As far as the eye can see  
There's only one place - only one place:  
My little house by the sea

And one fine day I'll be back again  
In my little house by the sea  
And one fine day I'll be back again  
Not for you but just for me  
And one fine day I'll be back again  
Lost my hope and found my fears  
And one fine day I'll be back again

And you'll never see my tears
