FIDLAR

Well I was smoking rock kicking ass taking lots of pills  
Drinking beer like a grandpa with lots of ills  
So fucked up on beer and weed  
My stomach overflows and my lungs start' bleed

When I looked to the bag, there was nothing left  
There was blood on the walls and bloody cigarettes  
And the 40 Ounce in my hand was getting dry  
To party like this is like working full time

I've been cooking crack, kicking back, selling it to kids  
Shooting guns, 'cause it's fun on heroin  
I've been wasting time chugging wine just to see if I can win  
If I can win then you can lose, you take the cash I'll take the booze

Liquor store robbery  
Everybody look at me  
Liquor store robbery  
Gimme your money  
Liquor store robbery  
Everybody look at me  
Liquor store robbery

I've been smoking rock kicking ass n taking lots of pills  
Drinking beer like a grandpa with lots of ills  
So fucked up on beer and weed  
My stomach overflows and my lungs will bleed

I've been smoking rock kicking ass, taking lots of pills  
Drinking beer like a queer bombing lots of hills  
I was so fucked up on beer and weed  
My stomach overflows and my lungs will bleed

When I looked to the bag, there was nothing left  
There was blood on the walls and the cigarettes  
And the 40 in my hand is getting dry  
To party like this is like working full time

I've been smoking rock kicking ass, taking lots of pills  
Drinking beer like a grandpa with lots of ills  
I was so fucked up on beer and weed

I've been smoking rock kicking ass n taking lots of pills  
Drinking beer like a grandpa with lots of ills  
So fucked up on beer and weed  
My stomach overflows and my lungs will bleed

And shooting guns just for fun 'cause I'm an American  
(.....???) Just so I can drink again  
(.....???)  
(.....???) Just so I can do it again
