

## DOWN N OUT

FIDLAR

I just wanna I have fun  
But I keep fucking up  
I keep getting drunk  
Down n out in love

Hanging out of a bar  
'Cause I ain't old enough  
I just play the drums  
Down n out in love

Uh I'm here, I don't where you are  
I... I been waiting for you for 3 hours  
And you're not answering my calls  
And I don't understand what I'm supposed to do  
Because you were supposed to meet me here  
And I mean so  
Where are you?  
What you gonna do?  
When are you gonna come here?  
Uhh... great  
Lemme know  
Gimme a call back  
Thanks  
Bye

Nodding out in a car  
'Cause don't give a fuck  
I snuff better drugs  
Down n out in love

Now I'm falling apart  
'Cause I am old as fuck  
I've made better stuff  
Down n out on drugs

I'm down n out in love  
I'm down n out in love  
I'm down n out in love
