FIX ME

FIDLAR

(This is the first step)

'Cause it's too hard to fix me
I know you'll try
And if you fall in love
Then just give it time
'Cause I'm the type of crazy that's not the cute type
No, I get high just to get by
'Cause it's too hard to fix me
I know you'll try
And if you fall in love
Then just give it time
'Cause I'm the type of crazy that's not the cute type
No, I get high or I'm gonna die

I'm in the bathroom and I'm crying
I don't know why I keep on lying
I'm in the ocean and I'm surfing
I don't know how to keep on living
But I keep trying
I'm in my bedroom and I'm frying
I swear to God I think I'm dying
I'm in the meeting and I'm tripping
I don't think therapy is working

'Cause it's too hard to fix me
I know you'll try
And if you fall in love
Then just give it time
'Cause I'm the type of crazy that's not the cute type
No, I get high just to get by
'Cause it's too hard to fix me
I know you'll try
And if you fall in love
Then just give it time
'Cause I'm the type of crazy that's not the cute type
No, I get high just to get by

'Cause it's too hard to fix me
I know you'll try
And if you fall in love
Then just give it time
'Cause I'm the type of crazy that's not the cute type
No, I get high just to get by
'Cause it's too hard to fix me
I know you'll try
And if you fall in love
Then just give it time
'Cause I'm the type of crazy that's not the cute type
No, I get high just to get by
