I don't need no drugs yea
I'm still fucked up ahhh

I don't drink too much yea

I don't walk around with my hand held high
See the minutes tick off while the days fly by
When I'm getting fired up
Imma be frank with you
Namaste right here
Crop you out of this picture and
What you know about a potluck

I'm bringing the beef
What you know about a phone call
Let's keep it brief
When you're ready to eat
Imma give you my beef
Cause its fuck it dog life's a risk
Fuck it dog life's a risk
Fuck it dog life's a risk
I've been waking up

Trynna fuck shit up
Yea I'm all fucked up
Wanna fuck shit up
Ahhhhhhh
