

GET OFF MY WAVE

FIDLAR

(Get off my wave)

I like to drive when I drink
I don't even blink
Don't wanna open up to anybody but me
I don't wanna be okay
I like to be this way
But honestly, can everybody just

Get off my wave
Get off my wave
Get off my wave
Get off my wave
Get out of my way

I'm not on meth
I'm manically depressed
And when I feel like this
I'm at my fuckin' best
And I know I'm gonna crash
You're bringing up the past
But I don't give a fuck
You can kiss my ass

And I'm gonna try to get better
I swear to God
But I will fuck up
'Cause I always keep fucking up, man
But right now can you

Get off my wave
Get off my wave
Get off my wave
Get off my wave
Get out of my way

Ahhhhhhh
Ahhhhhhh
Ahhhhhhh

Get off my wave
Get off my wave
Get off my wave
Get off my wave
Get out of my way
