

Hey Johnny

FIDLAR

Hey Johnny!
Where you wanna go?
To California
Driftin' all alone
We're leavin'
Get in the car, let's go
Close your eyes now
We're in Guantanamo

Hey Johnny!
Who you wanna be?
I can't hear you
I can't breathe
I'm leavin'
As soon as I can go
Change my name and
Let the domino... fall down

Hey Johnny!
What did you see?
Did you go far
Or not at all?
In the sun
We became one
There is no light
When you are gone
When you are gone

Hey Johnny!
Where did you go?
To California?
Driftin' all alone
Don't come out
Stay at home
This is nowhere
Anybody knows
