

# HURT

FIDLAR

Two, one, two, three

I know I'm not perfect and I change my mind  
Too much for you to understand  
I know I'm not worth it, that's why I'm getting high  
So much that I can't even stand

'Cause life moves fast  
If you don't watch it, it's gonna stab you in the back  
Like a drug addict  
And I'm gonna get burned  
You won't find love if you don't get hurt  
You won't find love if you don't get hurt

I know I'm not worth it and I always cry  
I don't know how to be a man  
Life isn't worth it to lay down and die  
I don't know why I give a damn

'Cause life moves fast  
If you don't watch it, it's gonna stab you in the back  
Like a drug addict  
And I'm gonna get burned  
You won't find love if you don't get hurt  
You won't find love if you don't get hurt

'Cause life moves fast  
If you don't watch it, it's gonna stab you in the back  
Like a drug addict  
And I'm gonna get burned  
You won't find love if you don't get hurt  
You won't find love if you don't get hurt  
You won't find love if you don't get hurt  
You won't find love if you don't get hurt
