

# MAKING SHIT UP

FIDLAR

I keep on making shit up in my head  
I'm freaking out all the time  
I get so sad then get so depressed  
You don't know what it's like

I keep on making shit up in my head  
I over-analyze my life  
I get so sad then treat myself like shit  
You don't know what it's like, you don't know what it's like  
To be me

I keep on making shit up on the regs  
I keep on making up these stories in my head  
And I keep thinking that I don't have a single friend  
And even though I'm always hanging out with all of them  
So are you ever gonna call me now?  
You only love me when you want me around  
And then you treat me like shit, here we go again  
You don't know what it's like

I keep on making shit up in my head  
I'm freaking out all the time  
I get so sad then get so depressed  
You don't know what it's like, you don't know what it's like

I keep on making shit up in my head  
I over-analyze my life  
I flip a switch and become a bitch  
You don't know what it's like, you don't know what it's like  
To be me

I keep on making shit up in my head  
I keep on lying to myself and all my friends  
And holding onto all of these stupid little resentments  
And even if I have to call you out again  
So are you ever gonna come around?  
You only love me when you want me around  
And then we pretend that life's all good again  
You don't know what it's like, you don't know what it's like

I keep on making shit up in my head  
I'm freaking out all the time  
I get so sad then get so depressed  
You don't know what it's like, you don't know what it's like

I keep on making shit up in my head  
I over-analyze my life  
I get so sad and then I fucking flip  
You don't know what it's like, you don't know what it's like  
To be me
