

## Move On

FIDLAR

Why's life so complicated  
I don't know how to move on  
Why's life so complicated  
A headphones and a noose on  
Why's life so complicated  
I need someone to puke on  
Why's life so complicated  
Why do I make it so complicated  
And why do I make it so complicated  
And why do I make it so complicated  
Why is it so complicated

I don't know how to move on  
I don't know how to move on  
I don't know how to move on  
I don't know how to move on

Why's life so complicated  
When everything I do's wrong  
Why's life so complicated  
I'm sleeping with my shoes on  
Why's life so complicated  
But I can write a dumb song  
Why's life so complicated  
And why do I make it so complicated  
And why do I make it so complicated  
Why is it so complicated

I don't know how to move on  
I don't know how to move on  
I don't know how to move on  
I don't know how to move on

I don't know how to move on  
I don't know how to move on  
I don't know how to move on  
I don't know how to move on
