FIDLAR

Well, I'm still alive
And you are too
I still can't get myself outta you

Well, I'll just get high
And you will too
I still can't get myself outta you

Well, I'm still alive
And you are too
I can't get my knife out of you

Well, I'll just get high
And you will too
I still can't get my knife out of you

Well, I'm still alive
And I have you
I still can't get my knife out of you

Relationships are fucking wack
They make me wanna smoke crack
And girlfriend or boyfriend
Can suck my dick
Masturbate
Let's make it quick
