

# GLITTER

Field Medic

Weary of  
Bedclothes  
Weary of bedclothes

I looked straight  
Into your eyes &  
Destroyed the folk song  
Of our life

We became  
We became so close  
By the end of the war

But it's just too spooky  
Living with your ghosts

So I want glitter & big cigars  
Cocaine with strippers  
Fuck movie stars

Yeah, I want glitter & big cigars  
Cocaine with strippers  
Fuck movie stars

So here I go  
Barreling down geneva  
At 10 a.m

To bury a rose  
Say goodbye to my princess  
Baby what happened

Two disposable  
Camera pictures  
Russian river vacation

We took a bath  
It was my best friend  
Jordan's birthday  
I said "I love you, you remind me of him"

Haven't seen him  
Since he moved to Finland  
And I love you  
You remind me of him...  
Still love you  
Still love you

But now I got glitter  
And big cigars  
Cocaine with strippers  
I fuck movie stars

Yeah, I got glitter  
And big cigars  
Cocaine with strippers  
I fuck movie stars

Yeah, I got glitter  
And big cigars  
Cocaine with strippers  
I fuck movie stars

Yeah, I got glitter  
And big cigars  
Cocaine with strippers  
I fuck movie stars

I fuck movie stars

Still love you...  
Haven't seen you since you  
Walked away  
Still love you...  
Still love you...  
I do
