Field Medic

I hate being sober  
Cuz I got nothing to blame  
And my life tumbles over  
And my brain goes up in flames

I hate being lucid  
Cuz I rather liven dreams  
I hate being older  
Cuz I know better than to drink

I hate being sober  
Cuz it's boring when I'm out and about  
I got obsessive-compulsive disorder  
So It's hard for me to mellow out

I exercise on the regular  
But it's not as nice as blacking out  
I'm sick of drinking water  
I miss the taste of poison in my mouth

I hate being sober  
Cause I got nothing to blame  
And my life tumbles over  
And my brain goes up in flames
