

music is my only friend

Field Medic

Music is my only friend
When I'm ugly & blue
Music is my only friend
When I can't depend on you
Music is my only friend
Until the day I die
I'm not happy in this life
But every day I try to push through
Music ain't a paycheck
But sometimes it turns to cash
Music ain't a cigarette
But my songs are full of ash
Music is an affliction
And sometimes I wish it'd pass
But music is my only friend
And when I'm gone the songs
Are all that will last
