

Learned to keep your hands to yourself the hard way  
Now you're old enough to follow your own whims  
Love is something you like to take comfort in  
But sometimes you want to be on your own again

No needs, no wants  
Just thinking pegasus thotz  
No needs, no wants  
Just thinking pegasus thotz

These sexual favors  
In the mornings  
Make us late for our appointments  
Now it's past daylight savings  
Oh my God it's spring and love is dead

No needs, no wants  
Just thinking pegasus thotz  
No needs, no wants  
Just thinking pegasus thotz  
No needs, no wants  
Just thinking pegasus thotz
