

## Checking On A Message

Field Music

I read the dailies  
I heard what he said  
I waited up till I couldn't care less  
I was sure it was through  
I was sure it was through

I took your message  
I answered you yet  
I wasn't sure what the hell to do next  
But I knew I was through  
I was sure I was through

I'd never been so happy  
Never been so bored  
Now I'm checking on a message  
Hoping that it isn't true  
It's not true

(Hoping it's not true)

You know my number  
You heard my address, the name escaped  
You and so did the rest  
And you chose to forget  
You chose to forget

Never been without  
Never been the news  
Now I'm waiting on a message  
Wishing that is wasn't true  
It's not true  
It's not true  
(Wishing it's not true)

(Wishing it's not true)  
(Wishing it's not true)
