

# Fallen

## Fields of the Nephilim

If you could see  
What I have seen.  
Would you take the dream?  
Or would you drown?

No way forwards.  
But one way back.  
Sweet misery.  
Is all I've found.

If you could see.  
What I have seen.

Don't let me fall.  
Don't let me fall.  
If you could see.  
What I have seen.  
Don't let me fall.

I see the fire in your eyes.  
Burning his love.  
It never dies.  
Lost in this place forever more.  
Can't see the flame until we fall.

Don't let me fall.  
Killing me now.  
Burning me down.  
Don't let me fall.  
Misery now.  
Holding me down.  
Right to the core.

Can't see the flame until you fall.  
Can't see the flame until you fall.

If you could see.  
What I have seen.

Can't give up.  
Can't give it all.  
I give you blood.  
But you want more.

I see the fire in your eyes.  
Burning his love.  
It never dies.  
Lost in this place forever more.  
Can't see the flame until we fall.

Don't let me fall.  
Turning me round.  
Burning me down.  
Don't let me fall.  
Misery now.  
Holding me down.  
Right to the core.

You're killing me now.  
Burning me down.  
Don't let me fall.  
Misery now.  
Holding me down.  
Right to the core.

I can't get away.  
I can't get away.  
If you could see.  
what i have seen.  
If you could see.  
What I have seen.  
If you could see.  
What I have seen.
