From The Fire

Fields of the Nephilim

I am certain of the way now
Like the sun I'm so far above men
And I need no one, I need nothing
I can't wait, I've been dead for so long
Help me from the fire, from the liar
Take my hand, I know no way out
Help me from the fire,
On my way down nothing left
I can't forget about you
I'll be here waiting for you
No more serching for a way out
I'll be here
Help me from the fire, from the liar
Take my hand, I know no way now
Help me from the fire
On my way down nothing left
I can't forget about you
I'll be here
I'll be here waiting for you
I'll be here
I'll be here waiting for you
With all my life, with all my life
All my life I'll be here
All my life waiting for you
Waiting for you
Waiting for you
Waiting for you
Witness future, remember now
The way that we walk
So don't look down
Wherever you go as time goes round
You're only human remember now
Flesh
