

All Again

Fifth Harmony

Frozen in time, but in my mind there's no erase in you
I toss and I turn is gonna hurt no matter what I do
I trembling inside, no, I can't stop myself from shaking
Even tho I know you take my heart and break it
And break it

But every kiss and every breathless moment
(I'd do it all again)
Trying to make it right but I know it all go wrong
(I'd do it all again)
Cause I can't lie
I love you still for all my life and I always will
Even tho I know how the story ends
I'd do it all again

Oh, bae, remembering when you made me dance around the living room
You still makes me smile, I don't know how to let go of you
But now that you gone, I can't stop myself from crying
I gotta move on, but I'm not strong
I'll keep on trying, I'm trying

But every kiss and every breathless moment
(I'd do it all again)
Trying to make it right but I know it all go wrong
(I'd do it all again)
Cause I can't lie
I love you still for all my life and I always will
Even tho I know how the story ends
I'd do it all again

And I hate how much I still love you such a judge at it
It's impossible to comprehend this and hold you up on me

But every kiss and every breathless moment
Trying to make it right but I know it all go wrong
Cause I can't lie I love you still for all my life and I always will
Even tho I know how the story ends

But every kiss and every breathless moment
(I'd do it all again)
Trying to make it right but I know it all go wrong
(I'd do it all again)
Cause I can't lie
I love you still for all my life and I always will
Even tho I know how the story ends
I'd do it all again
I'd do it all again
