Drown On Solid Ground

Fifth Harmony

Drown, drown, drown on solid ground
Drown, drown, drown
You drown on solid ground

On a winding road, shattered and alone
Breaking from the pain (from the pain) (Pain)
To the ground, I fell, screaming out for help
And you looked the other way

You keep my way through the darkness
I gotta finish what I started
I'm broken but alive

Oh-oh-oh-oh-oh
Basking from the rubble
Oh-oh-oh-oh-oh
You know my voice makes tremble
You can let me down, but you won't let me out
'Cause I'm fighting 'til my last breath
Said oh-oh-oh-oh-oh, I refuse
Drown on solid ground ground ground ground
Drown on solid ground ground ground ground
Drown on solid ground

Breathing out the pain, drawing in the straight
Indestructible (Indestructible)
There will be no more tears, hear me now
I feel indispensable

You keep my way through the darkness
I gotta finish what I started
I'm broken but alive

Oh-oh-oh-oh-oh
Basking from the rubble
Oh-oh-oh-oh-oh
You know my voice makes tremble
You can let me down, but you won't let me out
'Cause I'm fighting 'til my last breath
Said oh-oh-oh-oh-oh, I refuse
Drown on solid ground ground ground ground
Drown on solid ground ground ground ground
Drown on solid ground

Drown
Go on and try to stop me now
Bet you won't ever bring me down, down, down, down

Oh-oh-oh-oh-oh
Basking from the rubble
Oh-oh-oh-oh-oh
You know my voice makes tremble
You can let me down, but you won't let me out
'Cause I'm fighting 'til my last breath
Said oh-oh-oh-oh-oh, I refuse
Drown on solid ground ground ground ground
Drown on solid ground ground ground ground

Drown on solid ground

Drown, drown, drown
Drown on solid ground
