

# One Wish

Fifth Harmony

Woke up to the same old uh oh  
Heartbreak cause I won't let go-oh  
Six weeks and I still don't know  
Who or where we went wrong

Lovesick and I feel so uh-oh  
That's it gotta let you go-oh  
All good but I still don't know  
Who or where we went wrong

One thousand hours, thirteen minutes  
Twenty seconds, I finally went and did it  
It's about time I finally got over you

Oh I wish  
I wish you the best you're freaking useless  
If I only ever had one wish, just one wish  
I wish I could  
Go back, I'm so over everything we had  
But if I only ever had one wish, then I'd wish  
I'd never met you at all

I wish I'd never met you at all

I'm good never feeling lo-ow  
Don't care if you tell me no-oh  
Crossed you with a cheerio  
Hello that means goodbye

One thousand hours, thirteen minutes  
Twenty seconds, I finally went and did it  
It's about time I finally get over you

Ayyy

Oh I wish  
I wish you the best you're freaking useless  
If I only ever had one wish, just one wish  
I wish I could  
Go back, I'm so over everything we had  
But if I only ever had one wish, then I'd wish  
I'd never met you at all

La-Da-Da-Da-Da-Da (Yeah) [x3]  
I wish I never met you at all

La-Da-Da-Da-Da-Da (Yeah) [x3]  
I wish I never met you at all

Now you're looking dumb diddy diddy diddy dumb  
You check up, check up on me now you're looking like a bum  
You're looking like a bum diddy diddy diddy dumb  
I wish I'd never met ya  
I wish I'd never met ya [x2]

Woke up to the same old uh-oh  
Heartbreak cause I won't let go-oh

Go-ohohoh...

Oh I wish

I'd never met you at all

La-Da-Da-Da-Da-Da (Yeah) [x3]
