

## The Answer

**Fight The Fade**

Was asked the question  
How do I cope with my sins  
I gave the answer  
That I hold them within  
But there's only one place  
Where I can let go

And that's where I go, when I need to clear my mind  
That's where I go, to escape place and time  
That's where I go

We all have one  
Of our own  
And we go there  
To be alone  
It's our hiding place  
And no one knows  
Where we go
