

Empress

Fiji

I have given up on falling, in love, again, and again
And I promise never to put myself in a situation, like that, no
t like that

And I told myself that it's just not worth it
To keep on wasting my time with love
Til I met this special woman so perfect
Felt like she was sent from up above

So if you're wondering bout the smile on my face
I must admit, she put the love back in faith
There's no words couldn't doubt I can say
Thanks to my empress, on this day

I didn't think you could fall in love
Never wanted to fall in love but I did, I did
She's the only woman that I want in my life
That's right, that's right
So I told myself that she's just too perfect
To let an angel like her just walk away
I promised her that this love worth it
And I rise with her every night and day, yeah

So if you're wondering bout the smile on my face
I must admit, she put the love back in faith
There's no words couldn't doubt I can say
Thanks to my empress, on this day
