

Good Thing

Fiji

Hold on baby, are you in a rush?
'Cause I don't wanna say too much
And I'll try not to be long but if you will allow me this moment
t
To say how I feel
While I have you right here (oh, oh, oh)
I know not to many men will ever have this moment
To say what we both be knowing
Let me make the very best of this opportunity
I promise I won't be too long
And just like a sweet, sweet song
I know, you feel, the same

If you give the chance I'd rather be with you, always
And I'll never squander this moment
Ooh
'Cause I know how precious time can be with a lady like you
Being with a man like me
If you give the chance I'd rather be with you, always
And I'll never squander this moment, my baby
And I'll never squander this moment with a lady like you
Being with a man like me, ayy

Baby I'ma let you do what you do
This ain't got nothing to do with my crew
This is strictly solo mission for you
And I'm not trying to look like I'm cool
I just want your full attention
This is love and not a question, my baby
Just give me a chance

If you give the chance I'd rather be with you, always
And I'll never squander this moment
Ooh
'Cause I know how precious time can be with a lady like you
Being with a man like me, ooh
If you give the chance I'd rather be with you, always
And I'll never squander this moment, my baby
And I'll never squander this moment with a lady like you
Being with a man like me, ayy
