

I'll Be There

Fiji

Anytime you need me I'll be there
Right there by your side
Anytime you call me, girl I swear
I'll be on the line
There is nothing I would never do
When it comes to you
She knows that I will always come through
If she was my boo

She deserves the kind of love that's unconditional
Married with kids and the life so sweet traditional
Deep in her heart she knows when she falls I'll pick her up
Never waste no time when it comes to her I'll be the one
Make her my queen and I promise to never let her go

Anytime you need me I'll be there
Right there by your side
Anytime you call me girl I swear
I'll be on the line
There is nothing I would never do
When it comes to you
She knows that I will always come through
If she was my boo

Girl I promise if you give me your heart I would never let it break
Do whatever the hell I gotta do no matter what it takes
When you place your heart in good hands everything's safe
Don't worry yourself right girl there's history to make
Something this special you don't ever want to forsake baby

Anytime you need me ill be there
Right there by your side
Anytime you call me girl I swear
I'll be on the line
There is nothing I would never do
When it comes to you
She knows that I will always come through
If she was my boo

Baby just call on me, call on me
You know that I'll be on my way, on my way
Baby just say the magic word and I'll be rolling in the drop topper to swoop
you up
Our love is a endless story, promise that you will hold it down for me
No one else will ever take you place baby
Feelings that I feel for you just so amazing

Anytime you need me ill be there
Right there by your side
Anytime you call me girl I swear
I'll be on the line
There is nothing I would never do
When it comes to you
She knows that I will always come through
If she was my boo
She was my boo boo boo
I would be holding down crew

Just for you
