

## Simmer Down

Fiji

I know you're thinkin' about it  
How to approach me  
You've been really contemplating  
If you should see me  
Simmer down, baby  
Simmer down, baby  
I'm gonna be the first one that will make a move on you  
It's just that I can't do it right now

Experience has taught me otherwise  
And that has taught me so much in life

Girl from the first time you been, up right shine  
I'm just here to assure you I'm not that kind of guy  
Girl I'll be your sunshine when it's raining outside  
I'm the only thing that you got goin', in your life  
Simmer down

You really should be using caution  
If you don't do it  
I'm not gon' force myself on you  
Just call it groovin'  
Girl when I, first laid eyes on you I felt distraught  
You're all the hard ways I've been waiting for, oh baby

Girl from the first time you been, up right shine  
I'm just here to assure you I'm not that kind of guy  
Girl I'll be your sunshine when it's raining outside  
I'm the only thing that you got goin', in your life  
Simmer down

If there is no trust girl you can trust me  
I'll be the lover that you'll always need  
Because I know that you had been hurt in the past  
Body love repelling I know will last  
Because you love me girl and I love you too  
I'll do the things that you want me to do  
Count on me you'll know I will come through  
Because its the love that we have it's true

Oh baby, from the first time I laid eyes on you  
You're all the hard ways I know that came through

Girl from the first time you been, up right shine  
I'm just here to let you know I'm not that kind of guy  
Girl I'll be your sunshine when it's raining outside  
I'm the best thing you ever had goin' in your life

I'm your sunshine when it's raining outside
