

Stone Cold

Fiji

Saw you walking by the other day
And I tried so hard to get your attention
You kept strollin' on like you saw no one
And you acted like you had no affection

But baby, I'm just gonna keep trying
I just won't, give up so easy
I know, that you have many choices
But this is, why you don't wanna miss

Cos I'm stone cold in love with you
What must I do to prove it's true
Yes I'm stone cold in love with you
Baby tell me what am I to do

Sometimes it's hard to show your feelings
But girl if you just tried you'll see it's easy
There are many ways to show your love
And it don't always come in a bed of roses

And girl, only if you knew the way I felt
You would never ever think the way you do
So please, understand where this man's coming from
I will do my best to prove to you

That I'm stone cold in love with you
What must I do to prove it's true
Cos I'm stone cold in love with you
Baby tell me what am I to do

Iramasa ka nawe kahu

Iramasa ka nawe kahu
He vose la kemayo tumuni saru saru

He vose la kemayo tumuni saru saru
