

# Tonight

Fiji

And I, can't imagine if I never stepped down to this club tonight  
Would have really missed the chance of a lifetime

By living with a lady so fine, yes you are  
Only would have heard the stories from my homies  
Talking about this fine tendoroni  
And treating you like you was a star, yes you are

And tonight I wanna be your lover  
Hope you don't mind if I uncover  
Your body parts, baby, let me discover  
I just want to turn you on  
And if night should turn to day, girl  
We'll wake up next to each other  
If you will allow me to go further  
I promise I won't do you wrong

Hope you never take this the wrong way now  
Been forever since I felt this kind of love  
By holding a woman so fine, yes you are  
Imagine if the two of us got super serious  
Let go our insecurities and touch  
The way that we did last night, let's rewind

And tonight I wanna be your lover  
Hope you don't mind if I uncover  
Your body parts, baby, let me discover  
I just want to turn you on  
And if night should turn to day, girl  
We'll wake up next to each other  
If you will allow me to go further  
I promise I won't do you wrong
