

## Black & Blue

Fil Bo Riva

We're in the car, she's playing songs that I don't like, I sing  
along  
She's smiling big and leaning over to me but I'm stuck on you  
Don't know what to do  
We lay in bed, I'm fading out, I'm faking it, messing around  
I close my eyes while I'm inside so far away, thinking of you  
Don't know what to do, I'm stuck on you

And I wish that I could find a way to turn her into you  
Thinking maybe she already knows and I'm just being cruel  
Hit the breaks, I'm spinning round, my heart is black and blue  
I'm stuck on you

You're in my arms until the daylight crashes in, I hate the sun  
The dream is over but the damage has been done, I'm stuck on you  
u  
Don't know what to do  
I swear to God I've seen it all till I saw you and now I'm lost  
Numbing the pain don't work and I can't turn it off, I'm so confused  
Don't know what to do, I'm stuck on you

And I wish that I could find a way to turn her into you  
Thinking maybe she already knows and I'm just being cruel  
Hit the breaks, I'm spinning round, my heart is black and blue  
I'm stuck on you, I'm stuck on you

My heart is black and blue, and my mind is stuck on you  
My heart is black and blue, and my mind is stuck on you  
My heart is black and blue, and my mind is stuck on you  
My heart is black and blue, and my mind is stuck on you

And I wish that I could find a way to turn her into you  
Thinking maybe she already knows and I'm just being cruel  
Hit the breaks, I'm spinning round, my heart is black and blue  
I'm stuck on you, I'm stuck on you

My heart is black and blue, and my mind is stuck on you  
My heart is black and blue, and my mind is stuck on you  
My heart is black and blue, and my mind is stuck on you  
My heart is black and blue, and my mind is stuck on you  
On you, on you
