

# Sabada

Filous

Sing your own melody  
Even if it's out of key  
If you're gonna move your feet  
Do it to your own beat  
Soon enough you will see  
You are you and I am me  
That's alright and you don't need  
To make up apologies

Everything you do is amazing  
So long as you do it your own way  
Not one thing about you needs changing  
For someone else

See, you don't need to be  
Like everybody  
'Cause fitting in is overrated  
Yeah, you can let them stare  
You shouldn't need to care  
What they think

Sing your own melody  
Even if it's out of key  
If you're gonna move your feet  
Do it to your own beat  
Soon enough you will see  
You are you and I am me  
That's alright and you don't need  
To make up apologies

Sabada babadabada  
Sabadabada babadaba  
Sabada babadabada  
Sabadabada babadaba

Don't listen to the voices around you  
'Cause they don't know what they're talking about  
To me it looks like you've already found you  
You seem alright to me

See, you don't need to be  
Like everybody  
'Cause fitting in is overrated  
Whoa, you don't have to go  
You already know  
You already know

Sing your own melody  
Even if it's out of key  
If you're gonna move your feet  
Do it to your own beat  
Soon enough you will see  
You are you and I am me  
That's alright and you don't need  
To make up apologies

Sabada babadabada

Sabadabada babadaba  
Sabada babadabada  
Sabadabada babadaba

Sing your own melody  
Even if it's out of key  
If you're gonna move your feet  
Do it to your own beat  
Soon enough you will see  
You are you and I am me  
That's alright and you don't need  
To make up apologies
