For the Beaten

Pain and hate don't discriminate
Thoughts of fire can't eliminate
Just looking for a peaceful view
I cannot stand what they've done to you

World on fire
Down to the wire
Got my hands on a gun
Fighting on the run
World on fire
Down to the wire
We have the right reasons
Fighting for the beaten

Take a look, crooks overtook
Peaceful march, some carry books
Just looking for a different view
I cannot stand what they've put you through
