

## Say It Again

Filter

I'll say it again even though I know you're not listening yeah  
I'll say it again even though I know your head's gone missing y  
eah

My head is all kinds of chaotic  
A dream of space time and logic  
Too much for one man to contend with  
A life that once was crazed now seems too robotic

I'll say it again even though I know you're not listening yeah  
I'll say it again even though I know your head's gone missing y  
eah  
I'll say it again even though I know you're not listening yeah  
I'll say it again even though I know your head's gone missing y  
eah

The noise of most parts of my brain  
It's lost and it's like I've gone insane  
She tries to talk to me but I can't hear her  
She tries to talk to me but I can't listen

I'll say it again even though I know you're not listening yeah  
I'll say it again even though I know your head's gone missing y  
eah
