

# The Drowning

Filter

A man is drowning we watch from shore  
He laughs he taunts us and he drinks some more

How long do we have to watch  
You be so sick and act like you know it  
How long do we have to watch  
You be so sick and act like you control it

This man who's drowning doesn't want our help  
There's nothing but pain and resentment as he drowns himself

How long do we have to watch  
You be so sick and act like you know it  
How long do we have to watch  
You be so sick and act like you control it

Yeah yeah

How long do we have to watch  
You be so sick and act like you know it  
How long do we have to watch  
You be so sick and act like you control it

Yeah. Yeah
