Stomping I'm stomping my heart to the ground  
Wish I could help you, you won't take it now  
Hold out the rope that's as far as I can  
Wish you could take it, you don't see my hand

Yeah  
Don't bring it to me  
The drugs in the kitchen  
Yeah  
You're starting to see  
To stop your addiction  
Yeah  
Don't bring it to me  
The drugs in the kitchen  
Yeah

Loving and hating, the earth just goes round  
Golden and spoofed it all keeps you bound  
Tremors and shaking, you're starting to drown  
Wish I could help you, you won't take it now

Yeah  
Don't bring it to me  
The drugs in the kitchen  
Yeah  
You're starting to see  
To stop your addiction  
Yeah  
Don't bring it to me  
The drugs in the kitchen  
Yeah  
You're starting to see  
To stop your addiction  
Yeah

Time waits for nothing and no one  
I reach out my hand to bring you back  
Bring you back

Yeah  
Don't bring it to me  
The drugs in the kitchen  
Yeah  
You're starting to see  
To stop your addiction  
Yeah  
Don't bring it to me  
The drugs in the kitchen  
Yeah  
You're starting to see  
To stop your addiction  
Yeah
