

## Ravenous

Finch

Below the earth lies a serpent  
Fire and brimstone  
Remove the backbone  
Say hello to sunshine  
Wake up, you're baptized

The temple is me  
Something to believe in  
Is something to be

The evidence is all we taste

Under the skin the heart is pumping  
What brought you to this?  
Meat once was useless  
Focus on the fiction  
Lose sight of the vision

The temple is me  
Something to believe in  
Is something to be

The evidence is all we taste

Man makes changes  
Man wants everything!  
Man makes changes  
Man wants everything!  
Everything, everything
