## Finding Favour

When you feel at your lowest  
Feeling lonely  
Like you're the only  
One who's in this now  
Lift your eyes up to the heavens  
God has never  
Left His treasure  
No way He will start now

When you're lost out in the darkness  
Just move regardless  
Just move regardless  
Head held high, here comes the morning  
This is your moment  
This is your moment

Dance  
When you're feeling hopeless  
There's a plan in motion  
Keep moving to the rhythm  
Moving to the rhythm  
Dance  
When the rain is falling  
Joy comes in the morning  
Keep moving to the rhythm  
Moving to the rhythm  
Dance  
Dance

God will turn your fear to laughter  
Deep in the disaster  
He'll hold you close  
Closer than a friend

When you're lost out in the darkness  
Just move regardless  
Just move regardless  
Gotta keep your head held high, here comes the morning  
This is your moment  
This is your moment

Dance  
When you're feeling hopeless  
There's a plan in motion  
Keep moving to the rhythm  
Moving to the rhythm

When the rain is falling  
Joy comes in the morning  
Keep moving to the rhythm  
Moving to the rhythm
