

You've got it all ahead of you
Right now and I can tell
The beaten path is dull
No it's no good for you
So don't wait for your one chance
And don't bank on circumstance
Cause complacency is near
You're not making a move

Right now the water is deep
Your arms pedal
You kick your feet
But it's too late
You took that leap
So now you're in for the ride
Good days will often show
And bad days will come and go
But time is a stormy night
And it's headed your way

Hey buddy don't look down
You've got no other way around
You're walking a straight line
And there's no other way out

Twenty five years, twenty five years gone
You close your eyes and a lifetime's gone
You close your eyes and a lifetime's gone
Run it all back, but it hits too strong now

Twenty five years, twenty five years passed
You looked away, now you're living fast
You looked away, now you're living fast
Run it all back
Try to make it last

Five minutes years ago
One minute before you know it
And each day is passing by
They all blur in your mind

And you'll be looking back, just trying to get a grip
Looking forward but you're under-equipped now
And time is a two faced man
And he's extending his hand

Hey buddy, don't look down
You've got no other way out

Twenty five years, twenty five years gone
You close your eyes and a lifetime's gone
You close your eyes and a lifetime's gone
Run it all back, but it hits too strong

Twenty five years, twenty five years passed
You looked away, now you're living fast
You looked away, now you're living fast

Run it all back
Try to make it last

(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)

Twenty five years, twenty five years gone
You close your eyes and a lifetime's gone
You close your eyes and a lifetime's gone
Run it all back, but it hits too strong

Twenty five years, twenty five years passed
You looked away, now you're living fast
You looked away, now you're living fast
Run it all back
Try to make it last

(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)

(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)
(Twenty five years, twenty five years gone)
