

## Counting Sheep

Finish Ticket

You, you try to fall asleep  
On a crowded brain  
You're counting sheep again, and  
You, you're so stressed out  
But you seem alright  
Knowing you won't sleep tonight

And I'll see you soon  
And I'll see you in the deep  
And I'll see you soon  
If you can only go to sleep

So fall into my dream  
And you'll see what I see if you  
Rest, crawl into sleep  
And you'll soon be with me if you  
Try, yeah, try

You, you're so distant  
From a common sleep  
You're twisting sheets again and,  
You, will close your eyes  
But you feel nothing  
Except your beating heart

And I'll see you soon  
And I'll see you in the deep  
And I'll see you soon  
If you can only go to sleep

So fall into my dream  
And you'll see what I see if you  
Rest, crawl into sleep  
And you'll soon be with me if you  
Try, yeah, try

So fall into my dream  
And you'll see what I see if you  
Rest, crawl into sleep  
And you'll soon be with me if you  
Try, yeah, try
