

Evil's Eye

Finish Ticket

Midnight dreams
Seaside views
Are all we have
Distant clouds
Across the bay
Are all we hear

But one by one
We'll take them in
With open arms
Then they will see
What we can be
The day will come

But evil's got his
Eye on us
Yeah, evil's got his
Eye on us

We fell from the roof
Broke our legs, but
Enjoyed the view, the view

The distance keeps
This garage still reeks
Of failed attempts
But now we see
What we can be
We're on our way

Yeah, we're
On our way
Yeah, we're
On our way

But evil's got his
Eye on us
Yeah, evil's got his
Eye on us

We fell from the roof
Broke our legs, but
Enjoyed the view, the view

Evil's eye
Evil's eye
Evil's eye
Evil's eye

Evil's got his
Eye on us
Evil's eye
Evil's got his
Eye on us
Evil's eye

We fell from the roof

Broke our legs, but
Enjoyed the view, the view
