

Tranquilize

[Finish Ticket](#)

I don't wanna know, I'll just let it play out
See how this goes with time
We'd see who we become
We may not like it but that's just all we know

You say your time here is short
And I can understand your hurry, yeah
You know I try hard, yeah, I really try hard but
Still you're letting go,
So I guess that's all we know

Tranquilize
My tiger eyes
Tranquilize
Until the day we die

The words fell slowly from their lips and quickly noted me
Reluctance in her chest
My eyes refuse to rest
Through the door you fade from view

Bleak in the bone, grim at the gun
Still my blood, it flows
Your voice, it follows me,
A friendly haunt you see
Show me all you know,
Through the door I let you go

Tranquilize
My tiger eyes
Tranquilize
Until the day we die

There's something in the air
It's undefined
A common killer's stare, we fall in line
Never though you were the type to let me down

Tranquilize
My tiger eyes
Tranquilize
Until the day we die
