

## Cracks Appear

Fink

No need to cover up fault lines  
They make us who we are  
We are many  
I've been trying to hold it all together  
Throwing all my hope, my time, my money

But nothing stops the pressure from building up  
And nothing stops the gravity giving up

Cracks appear  
Cracks appear  
From the inside out  
Cracks appear  
Cracks appear  
From the inside out  
If you were here  
We could really open it up  
This time  
Make 'em all disappear  
Make 'em all disappear  
Yeah, yeah, yeah

Little red vessels under my skin  
Look into my eyes  
Try and tell me  
You didn't see it coming  
Like the sunrise  
You feel it even if your back is turned

And nothing stops the pressure from building up  
And nothing stops the gravity giving up

After all  
The time we've spent  
Holding on  
Our feelings end  
Cracks appear  
Cracks appear  
From the inside out  
Cracks appear  
Cracks appear  
From the inside out  
If you were here  
We could really open it up  
This time  
And make 'em all disappear  
Make 'em all disappear

I got nothing to hide  
Got nothing to hide  
Got nothing to hide  
I got nothing  
I got nothing to hide  
Got nothing to hide  
Got nothing to hide  
I got nothing  
You tell me not to bottle it up

Inside  
Let it out

If you were here  
We could really open it up  
This time  
And make 'em all disappear  
Make 'em all disappear  
Yeah, yeah, yeah  
Make 'em all disappear  
'Cause when the cracks appear  
Cracks appear  
From the inside out  
Yeah, yeah  
Cracks appear  
Cracks appear  
From the inside out  
Yeah, yeah  
Make 'em all disappear  
Make 'em all disappear  
Make 'em all disappear  
Yeah, yeah

Disappear  
Disappear  
Disappear  
Disappear
