

## Day 22

Fink

I will hold up my end  
Of the deal we struck  
When we ran out of luck  
We began to get good

Now it's day 22  
I've got one thing I gotta do  
I've got to see it through  
These bloodshot eyes

Let's go through this again  
First we do this and then  
We'll be free of our earthly baggage  
Free of our earthly baggage  
Free

Travel light

We leave

I was done by my word  
The bargain we sealed  
With blood, sweat, tears  
It tasted so good

Now it's day 22  
I've got to see it through  
These bloodshot eyes  
That gave me [?]

Let's go through this again  
First we do this and then  
We'll be free of our earthly baggage  
Free of our earthly baggage  
Free
