Fall Into The Light

Fink

We fall into the light
We fall into the night
We fall into each other
We fall into the light
We fall into the night
We fall into each other

If we go, we go, we go
With positivity
If we leave, we leave, we leave
Positively

Like knowing, knowledge flows
We flow into each other
We flow into the colour
We fall into the light
We fall into the night
We fall into each other

If we go, we go, we go
With positivity
If we leave, we leave, we leave
Positively

We fall into the light
We fall into the night
We fall into each other
We fall into the light
