

If I Had a Million

Fink

It's a very fine line, babe
Between you and me
Between you and I
And I crossed it many times
Mmh
Still you're mine babe
Still you're mine

So if I had a million
If I had a million
Yeah
You would have a million too
You would have a million too

So when it comes to payback
Mmh
I'ma pay you back babe
I'll be paying for
Cause i ain't scared no
I ain't scared of a little manual labor
Work it off and so

If I had a million
If I had a million
Yeah
You would have a million
Mmh
You would have a million too
Yeah
You would have a million too

And if I had a million
Pounds of chances
I would spend 'em all yeah on us
And if I had a million
Dollars and cents
To spend it wildy
I would spend it all
On something I could trust

And if I had a million
If I had a million
Mmh
You would have a million
You would have a million too
You would have a million too
Yeah
You would have a million too
You would have a million too

Yeah
Too
You would have a million
Too
