Some people are working hard Working hard on their style In the back streets of the front line You see signs of the crimes

Absence make the hard grow fonder How could patience ever hurt you? Don't check my status Just give me the standard thing

Pearls of wisdom
Encompassing pearls of wisdom
Embrace those pearls of wisdom
Good people flow, only Jah will know

Don't wanna see you fall Just wanna see you set, yes Don't wanna see you fall Just wanna see you set, yes

I guess, it's true
What they say about you
Yes, it's true, true, true
What they say about you, well

Poor people, inspiration
Have you seen what's really going on?
With a little leverage
This time, I got more coverage

Absence make the hard grow fonder How could patience ever hurt you? 'Coz it's virtue Don't check my status Just give me the standard thing

Pearls of wisdom
Encompassing pearls of wisdom
Embrace those pearls of wisdom
Good people flow as only Jah would know

Don't wanna see you fall
I just wanna see you set, yes
I don't wanna see you fall
I just wanna see you set, yes
