

Lotus Eater

FINNEAS

Say it like you mean it
Couldn't keep a secret
And maybe you could leave it out, out-out
Backseat and my teeth hurt
Blowing out the speaker
I'm the lotus eater now

And did you figure me out?
Who's the mystery now?

Grab my wrist 'til your knuckles are white
It's a brand-new kiss in the same old light
In a Friday bliss on a Sunday night
I wanna feel like this 'til I feel alright

Say it like you mean it (I wanna feel like this 'til I feel alright)
Couldn't keep a secret (I wanna feel like this 'til I feel alright)
Kinda think we're even now (I wanna feel like this 'til I feel alright)
t)

Did you figure me out?
Who's the mystery now?
I think I figured you out
Not such a mystery now

Grab my wrist 'til your knuckles are white
It's a brand-new kiss in the same old light
In a Friday bliss on a Sunday night
I wanna feel like this 'til I...
Figure it out (I wanna feel like this 'til I feel alright)
Who's the mystery now (I wanna feel like this 'til I feel alright)

As she slips out the door
Hard to feel sorry for
Such a cool girl
But it's a cruel world
Take a drag
Take a walk
Plastic bags
Classic rock
Such a cool girl
But it's a cruel world

Did you figure me out?
Who's the mystery now?
I think I figured you out
Not such a mystery now
